Ray Krantz '20 (business administration) came to Saint Mary's after completing his associate's degree. He was working on finishing his bachelor's degree at the Minnesota School of Business when the school closed. He chose Saint Mary's because of the ability to transfer many of his Minnesota School of Business credits. Krantz said, "My Saint Mary's experience was great. Everyone I worked with was very helpful and I found the professors to be knowledgeable and administrative staff responsive and supportive." He acknowledged Paul Christensen D'11 as being instrumental in his choosing Saint Mary's. "He helped me through the transition to Saint Mary's when no other school wanted to help," said Krantz who credits his Saint Mary's experience with giving him more confidence and encouragement to reach for new heights in his professional career.
